1. Introduction

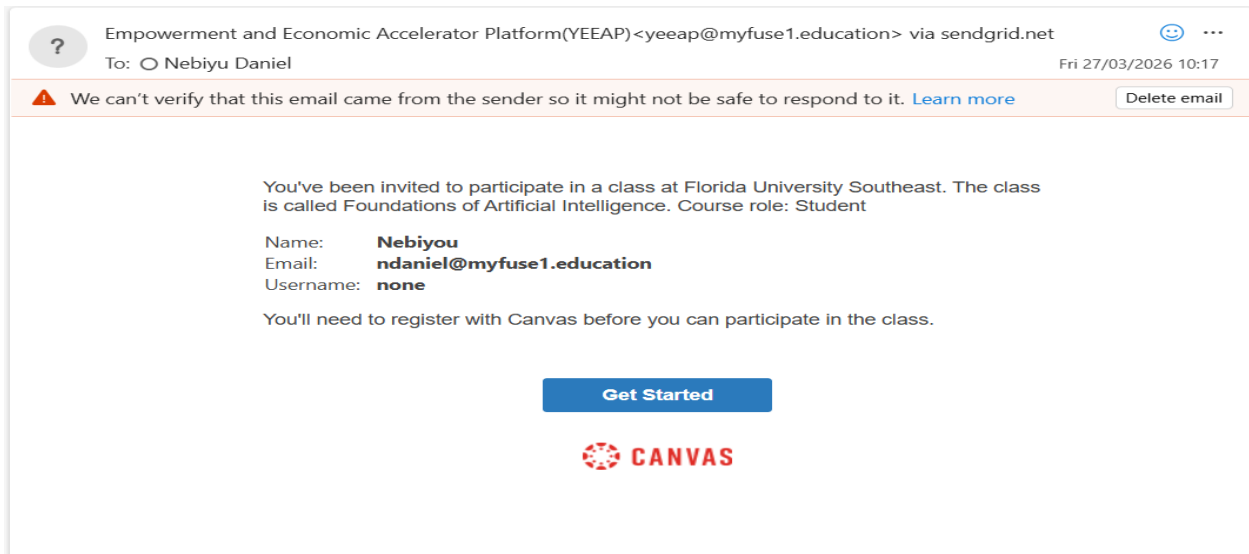

Welcome to YEEAPs AI training. Your online training on Artificial intelligence will have two phases, and the following document will be your guide on how to access those, starting from accepting the email to accessing your module.

2. Accessing the Course

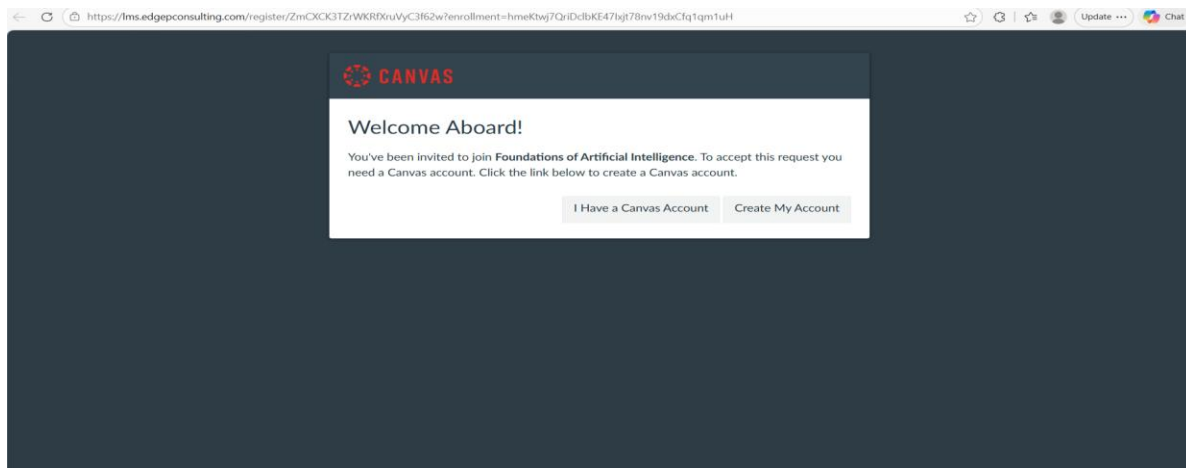

2.1 Accessing the invitation

Each trainee will receive a course invitation email from yeeap@myfuse1.education mailbox which might end up in the spam/junk folder which you will have to move to your inbox. The email will have your username along with the link to your designated course website, which will look like this:

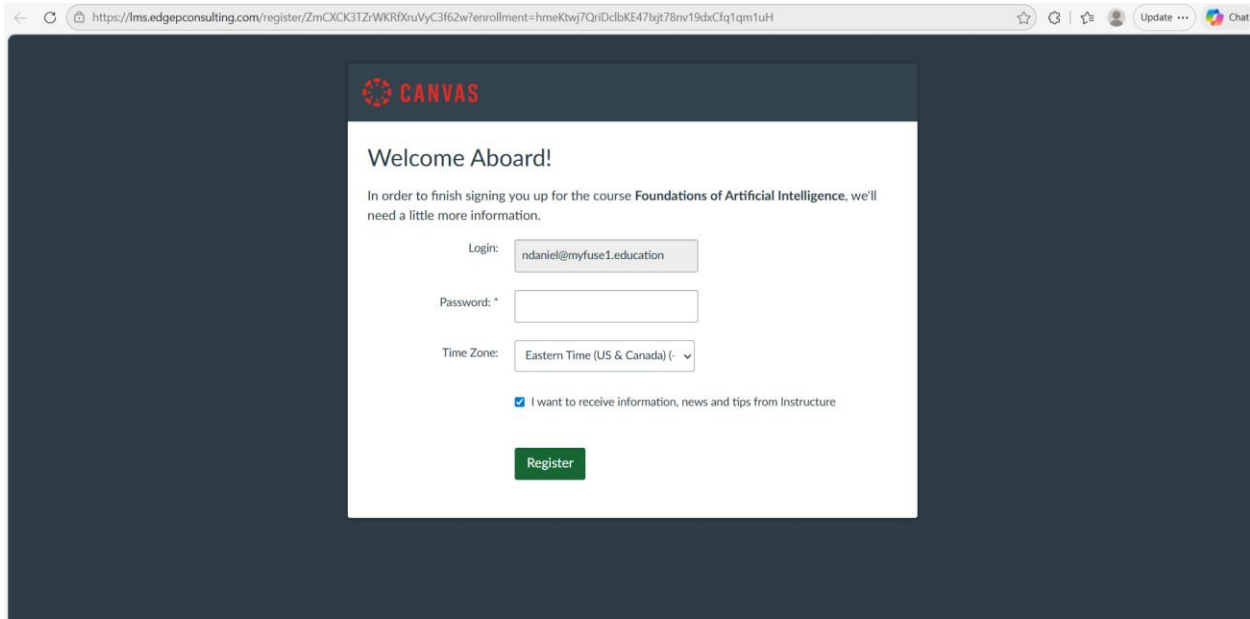

2.2 Redirection to welcoming page

As you proceed from your email and hit 'Get Started' you will be redirected to your learning platform where you create your account, the page will look like the following:

2.3 Registering

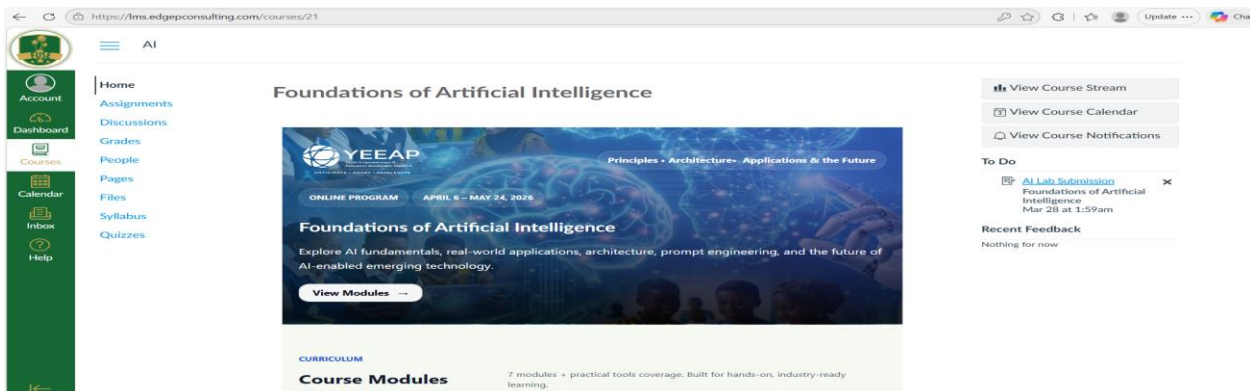

After hitting 'crate my account' you will be taken to a page where you set up your password and time zone then register, the page will look like this:

3. Accessing canvas

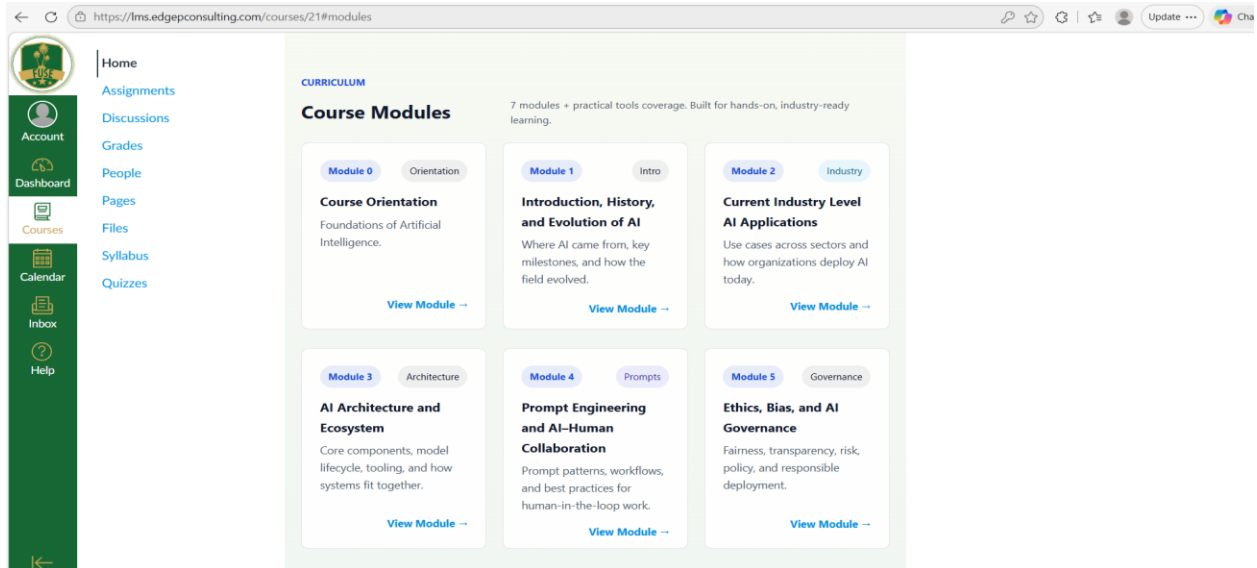

3.1 Home Page of Courses

After registering the page will take you to the home page of the course where you will find your courses landing page which will have all the necessary things you need for the learning process which will look like this:

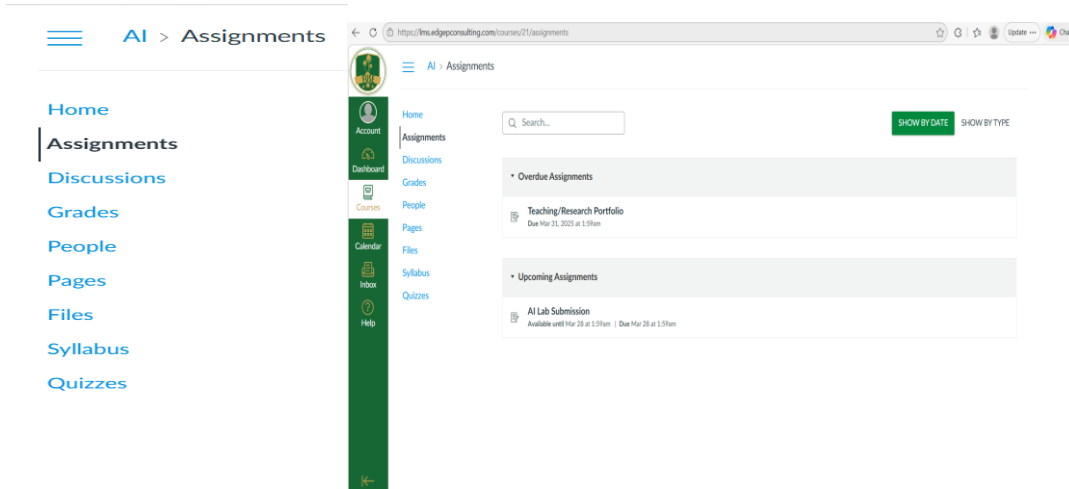

3.2 Accessing modules

Now after landing on the home page, you will see 'view modules' button when you hit that you will be taken to the individual modules that you will be learning on like below:

3.3 Explaining the course navigation bar

On the left we have the navigation bar, which is the home page, Assignments, Discussion, Grades, People, Pages, files, Syllabus, and Quizzes. These are used to go to the designated learning experience; the displays are attached below:

In case you accidentally move to another page here circled is where you click to get back to your learning material;
